

Zenith Education Studio — Policies & FAQ

Trial Class Policy

- **Cost:** Free trial classes available for all levels and subjects
- **Duration:** Same as a regular lesson (typically 2 hours)
- **Availability:** Trial classes are only available on specific days throughout the week, as some lessons are tailored towards application of skills already taught to current students. This ensures trial students can fully engage with the material.
- **How to sign up:** Fill out the online form on the website, and the Zenith team will be in touch to arrange a suitable trial slot.
- **What to bring:** Stationery, calculator (for Math/Science), and any recent exam papers or school notes for the teacher to assess current level.
- **JC-specific:** JC students can attend double trial classes (J1 Double Trial Class programme). June and September crash courses are also free.

Enrolment Process

1. Sign up for a free trial class via the website form or WhatsApp (+65 8768 7651).
2. Attend the trial class to experience the teaching method.
3. If satisfied, register by completing the enrolment form.
4. Pay the one-time deposit per subject (refundable) and first month's fees.
5. Start attending regular classes as per the assigned timetable.

Academic Support

- **24/7 online support:** Students can reach out to teachers via WhatsApp or Discord at any time for academic queries
- **Free 1-on-1 consultations:** Available upon request for personalised help
- **Study lounges:** All centres have comfortable study areas for self-revision outside class hours
- **Career counselling:** Guidance on subject selections and scholarships available

Frequently Asked Questions

Q: How does Zenith support parents and students?

A: Zenith offers robust academic support and student care since 2019. Teachers provide engaging methods, specialised notes, and personalised feedback. Students can use study lounges, get 24/7 online academic support via WhatsApp/Discord, and receive guidance on subject selection and scholarships. Teachers are well-versed in adapting to different learning styles and provide free 1-on-1 consultations.

Q: What are the benefits of joining a learning centre vs a home tutor?

A: Students benefit from structured lesson plans, limited class sizes, thorough teacher background checks (minimum 4 years teaching experience), free 1-on-1 consultations, and a conducive learning environment with study spaces. Students also develop soft skills like data literacy and analytical writing, and learn alongside peers.

Q: Are there free trial classes?

A: Yes! Zenith offers free trial classes for all levels and subjects. Sign up via the online form and the team will arrange a suitable day. Trial classes are scheduled on specific days to ensure students can fully engage with appropriate material.

Q: How do I choose the best tuition centre?

A: Key factors: quality of teachers (engaging, attentive, able to connect with students), learning environment, class size, support system, and track record. Zenith has 90.2% A/B rates at A Levels, experienced teachers from MOE and top universities, and 1-on-1 consultation support.

Q: What class sizes does Zenith have?

A: Zenith limits class sizes to ensure quality interaction. Specific sizes are not publicly listed but described as 'limited' to maintain a conducive learning environment.

Q: Do you offer online classes?

A: Contact Zenith directly to enquire about online class availability as this may vary by subject and level.

Q: What is the 24/7 support?

A: Students can message teachers on WhatsApp or Discord at any time with academic questions. Teachers respond to help with homework, exam preparation, and concept clarification outside of class hours.

Holiday & Closure Schedule

Zenith follows the MOE school calendar. Key events:

- **June Crash Courses:** Free crash courses available during June holidays (JC and Secondary)
- **September Crash Courses:** JC September crash course available
- **Public Holidays:** Centres are closed on Singapore public holidays
- **Term breaks:** Lessons continue during school holidays (crash courses and regular classes)
